

*ANNUAL NURSING WEEK DINNER:**ADVOCACY, CELEBRATION AND
RECOGNITION*

Come celebrate Nursing Week with RNAO Peel Chapter!
Connect with other nurses and nursing students in Peel region, as we celebrate and recognize award recipients.

This year, we are excited to feature a presentation on advocacy by Dr. Annette Bailey, entitled "Nurses as Catalysts for Change in Gun Violence". With nurses at the forefront of healthcare, they are witnesses to the devastation of gun violence on individuals, families and communities. How can nurses be effective in responding to the impact of gun violence? Dr. Bailey will answer this question while exploring the pivotal role of nurses. Dr. Bailey is an Associate Professor with the Daphne Cockwell School of Nursing, Ryerson University, whose research explores gun violence prevention and survivorship.
