Purpose:

This webinar will provide an overview of the evidence-based changes made to the [2019 Canadian Community Health Nursing Professional Practice Model and Standards of Practice](#), including intentional language changes, new practice expectations and one new standard. With implications across all community health settings (e.g., public health, home health, home care, primary care) and the five domains of community health nursing (e.g., practice, admin/leadership, education, research and policy), this overview of the standards will help you stay current in your practice.

Date/Time: Tuesday, December 3, 2019 12:00 PM - 1:00 PM EST
