

Climate Impact of Inhalers: An Educational Webinar

Thursday, June 17th, 2021

12 pm EST ([register here](#)) or 7 pm EST ([register here](#))

- Learn about the **climate impact of inhalers**
- Identify **opportunities to mitigate** that impact
- Gain access to **tools and resources** to support your efforts

Health care professionals can make a difference

This free educational webinar is open to **primary care providers and leadership**. It is offered during the day and evening - choose the most convenient time for you. Repeated sessions will be held in September and December.

This is an initiative of the **Sustainable Health System Community of Practice (CoP)**.

For more information on the CoP and to access resources related to low-carbon inhalers, visit:
