

Would you like to have an influence on reproductive health in Ontario?

Are you committed to building more accessible and equitable services and supports for reproductive health in Ontario?

Join the Ontario Public Health Association's Reproductive Health Workgroup

- ✓ Connect with public and community health professionals from across the province
 - ✓ Provide critical insight to define priorities
 - ✓ Help promote reproductive health issues
 - ✓ Contribute to advocating for greater equity in reproductive health services
- 

Successful candidates must be willing to become and maintain an OPHA membership for the duration of their term. For more information on membership (including reduced student rates), visit: <https://opha.on.ca/Membership.aspx>
