

## Canadian Association of Schools of Nursing (CASN)

**CASN has a Mental Health Nurse Educator Interest Group, and we are looking to get more members!**

CASN interest groups provide nurse educators an opportunity to discuss ideas; exchange information; build research and scholarship capacity; and promote quality of a specific area of nursing education, at a national level.

- The CASN Nurse Educator Interest Groups meet four times a year, generally early fall, late fall, winter, and spring.
- The terms of reference can be found here: [CASN-Nurse-Educator-Interest-Groups-TOR\\_2021-1.pdf \(stackpathcdn.com\)](#).
- In terms of eligibility, most groups are mainly comprised of past, present, or future nurse educators. The groups, however, are not limited to this. Anyone with an interest can join since CASN interest groups provide nurse educators an opportunity to discuss ideas; exchange information; build research and scholarship capacity; and promote quality of a specific area of nursing education, at a national level.
